3. Introduction

Transfer of forest land for non-forestry purposes was governed by Jammu and Kashmir Forest Conservation Act, 1997 and since 31st October 2019 is being governed under FC Act 1980. User agencies are required to pay compensation for trees and cost of Compensatory Afforestation in lieu of the forest land diverted for non-forestry purposes. Besides, the value of ecosystem goods and services of forests, termed 'Net Present Value' or NPV is charged from user agencies.

Hon'ble Supreme Court in its order in T.N. Godavarman Thirumulpad v/s Union of India & Others [Writ Petition (Civil) No 202 of 1995 dated 30.10.2002] directed that a Compensatory Afforestation Fund be created in which all the monies received from user agencies towards compensatory afforestation, NPV and other charges shall be deposited.

In accordance with the guidelines issued by *ad hoc* CAMPA, Ministry of Environment, Forest and Climate Change (MOEF&CC), Government of India on 2.7.2009, J&K CAMPA was set up vide SRO-354 dated 11.11.2009. The execution of CAMPA works in J&K started from the year 2010-11.

Under CAMPA, large-scale activities have been taken up to accelerate conservation of natural forests, management of wildlife, capacity building, research & development, infrastructure development in the sector and other allied works. As JKFD is implementing CAMPA

activities in Jammu & Kashmir, there is now a felt need to technically evaluate these ongoing efforts, and based on the learning, plan the way forward. Also, the Compensatory Afforestation Fund Rules stipulate third party monitoring and evaluation of the CAMPA works to ensure effective and proper utilization of the fund for which funds are earmarked.
